### Motorcycle Flags & Mounting Systems

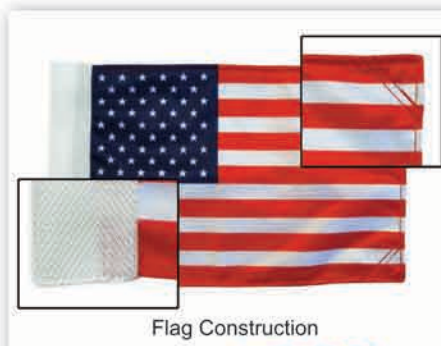

Rumbling Pride's Patriot Series Motorcycle Flags and Mounting Systems combine quality, versatility, style and durability. Manufacturing the finest products on the market today, we stand behind them. We offer a free replacement guarantee on our flags when purchased with a complete mounting system, and our mounting hardware comes with a five-year warranty.

### Flags

- ✦ Lifetime replacement when purchased with any Patriot Series complete mounting system.
- ✦ Largest selection of flags in the industry.
- ✦ All flags are two-ply, with double-stitched corners and heavy-duty, double-stitched binding to ensure durability and withstand highway speeds.
- ✦ Premium printing process resists fading.
- ✦ Custom and one-of-a-kind flags available, with no minimum quantity required.
- ✦ Designed for the motorcycle environment, the 6"x 9" flag is the perfect size to complement the look of any bike.

### Masts

- ✦ Masts available in 13.5" and 7.5" heights.
- ✦ Blended of pure nylon & Dupont® glass, the mast is flexible while remaining rigid enough to properly fly the flags.
- ✦ Masts are threaded, allowing flags to be easily interchanged or replaced.

## Customer Testimonials

I was so excited about the way these flags looked on my bike I just had to send you pictures! I have looked on the Internet for flags and a mounting system that made sense for my bike. Your brackets were the perfect solution. The finish is outstanding. The flags are heavy duty and fit the looks of my bike wonderfully. I am already thinking of other flags to order to keep the look fresh!

I have used your flag brackets and flags for over three years and have found both to be very dependable. I would also like to comment on your 100% guarantee. About a month ago one of the flag "stuffs" broke off in the bracket, after discussing this with you, not only did you replace the broken staff, you replaced both staffs and flags. What an incredible company. I am proud to tell all whose product I have on my "scooter."

Thanks again for your service!

- Roger Krummrich

I had been searching for a flag kit for my Ultra and I did not want a "clamp on" as the set screws dig in to the chrome - already been down that road. I found your company, Rumbling Pride, on the Internet. The prices were low compared to other clamp on systems out there but I had never seen anything like this before...skeptical but I gave them a try. Wow, was I impressed. The flag kits are just awesome. The look combined with the bike is like nothing else on the market today.

After I received mine, I ordered a set of the Cruiser Class Mounts for my wife's bike. We get nothing but compliments on how it just adds that little touch of class to the back of our rides. Oh, and we ordered their light kits too! We are the talk of the town as there is nothing like the Rumbling Pride products anywhere!
