Arsenal LED Lighting

Color Selection & Illumination Sequencing

Rumbling Pride offers the largest selection of colors and combinations available in the industry today. Our selection of Tri-Color, Dual-Color and Solid Color combinations opens endless possibilities to individualize and provide a unique custom look. If a color combination that will set a bike apart from the rest is not available, it is only a request away.

Stealth Tubes

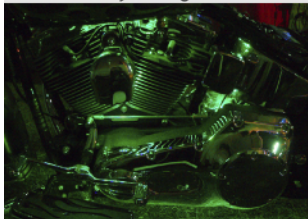

Our super-soft flexible Stealth tubes are available in 6" and 12" lengths, and a choice of two different sequencing rotations, Type I and Type II. Type I sequencing rotates with every third LED. Type II sequencing rotates in consecutive groups of three. The 6" Stealth tube packs 9 ultra bright LED's and the 12" Stealth tube packs 18 ultra bright LED's.

Fire I 6" Stealth Tubes under tank and curved behind the Air Cleaner

Blue Stealth tubes make this Hayabusa glow

Green Stealth tubes provide an overall glow

Stealth Tubes and 6-Shooterz enhance the look of this bike

6" Patriotic II Stealth Tubes hidden inside horn cover and under tank

A full balanced glow of Ice I Arsenal Lighting products
